

**PENINSULA DRAINAGE No.1
Board of Supervisors**

Bill Briggs has been a Board Supervisor with Peninsula Drainage District No. 1 since 2005.

Bill is the owner of Oil Re-Refining Co. In Talking with longtime employees about what Bill has accomplished during his career, the first thing that comes to mind is what a pioneer he has been.

When Bill started his journey, most people were changing their own automobile motor oil in the back yard under a shade tree. Waste oils were put on the ground in driveways or neighboring roads for dust control. Then one day Bill rolled out of bed, hit the road running and has never stopped.
