

**Justin M. Krueger  
Crew Leader**

**Justin is new to the District he started in January of 2008**

**As Crew Leader of the Drainage District's field team members, Justin is involved with many aspects of our organization. He works in collaboration with the Deputy Director in providing safe flood control services to our landowners and the community. Justin is responsible for the safety, training, scheduling and oversight of the field crew's day to day operations. Supervising ongoing projects and environmental management are also a part of his duties for the District in collaboration with local, State, County, and Federal agencies. Justin comes from an extensive background in the Environmental Management and Construction field.**

**Justin can be reached at
